There's some memories that never sell,  
We made love in a cheap motel  
Seemed kinda crazy meetin every night  
It's things like that that keep us tight oh yeah...

You can make love to another man,  
Cry to me once I can understand  
Spend all night breakin' every rule  
It's nights like that that keep us cool

Baby don't fade.. from me..

What I said..

?? ?? ?? that skin on skin  
Burnin' passion givin' in  
Things that run through a dirty mind  
It's thoughts like that that keep our love alive...

Baby don't fade.. from me..
