Save me some space in your life I will walk the night
with you
Holding your virtue in my hands Come on girl what can
you lose
Taste the burn with your anxious tongue
Wait for your body to say y e s
We'll dive into some sacred space
The sins of our past we may confess
The sins of your past you may confess
The sins of our past we may confess Say y e s

Life is sex and sex is sin Come on baby Let's begin
Life is sex and sex is sin Come on baby Let's begin

A tiny dress falls on the floor No one watchin' or kepin'
score
A naked witness cannot lie A little body rhythm makes
you high
A little body rhythm makes me high
A little body rhythm gets you high Let's f l y

Life is sex and sex is sin Come on baby Let's begin
Life is sex and sex is sin Come on lover Let's begin

Save me some space in your life Save me some space
in y o u r
Life is sex and sex is sin Come on baby Let's begin
Life is sex and sex is sin Come on lover Let's begin
Life is sex and sex is sin Come on baby Let's begin
Life is sex and sex is sin Come on baby Let's begin

The lonely sun sets in your eyes I will walk the night
with you
Save me some space in your life Come on girl What can
you lose
I will walk the night with you We will walk Let me in
