You and I we got a long way to go
You harbor a tear in your eye you don't let it show
People go on hurting people It's just the way of the
world
And I ask you where we're goin', but you don't know

We got a long way to go

Here we are in a time unlike any before
We have everything that we need, but we want more,
we always do
People go on hurting people, it's just the way of the
world
And I ask you where we're goin' but you don't know

We got a long way to go

Somewhere down the line there will be a peaceful time
We have no choice, but wait for the voice that tells us
what's up

You and I we got a ong way to go
I harbor a tear in my eye I don't let it show

People go on hurting people, it's just the way of the
world
And I ask you where we're goin' but you don't know

I got a long way to go
We got a long way to go

Show me the way
