Ressurect, I wanna ressurrect our love
Ressurect, Our love..

I see you comin' around here baby

My arrow through your soul tonight
Pulls you back into my arms

Well there's one thing.. Draws you next to me
A vision, of what used to be

Choose your life, Choose it right now..
Sometime soon, you'll be back, somehow

Ressurect, I wanna ressurrect our love...
Ressurect, our love
Keep it alive..

It's too late, for old promises
We'll start all over again

Well there's one thing, draws you next to me
A vision of what used to be

Choose your life..

Ressurect, I wanna ressurrect our love
Ressurect, our love.

I want you back in my arms too babe
But tell me.. Will it last? Will it last??

Ressurect..
Ressurrection, Ressurrection
