There's only one question that clouds my mind
How do I get your memories next to mine
Don't give me your answer Not right now
I wanna save this moment Save it somehow

Why don't you take my words you can use them as your
own
Why don't you take my arm Why don't you take them
home
Why don't you take my hand They can take away your
pain
Why don't you take my words, take my arms, take my
hands
Take 'em baby

Jump into the Love circle and tell me now
How do I get your lips in the round

Why don't you take my words...

Come with us The love circle waits Rest easy your
thoughts
As you feel our venomous snake wrap around your
spine
And rest ifs teeth in your widest mind

Why don't you take my hands...

Take my hands Take them home
Take my arms Take them home
To the Love circle
