(Was good too.)

I see you dance and I see you smile
I'll wait for mile..

All I can do is think about you,
It's all I can do is think
You fill up my head
I think of you here,
I think about you baby, million years

All I can do is Dream about you,
It's all I can do is dream.
You fill up my head
I dream of you here
I dream about you baby, million years

All I can do is wait for you
It's all I can do is wait (I'll wait for you)
You fill up my head
I'll wait of you here
I'll wait for you baby, million years

Oh, I'll be waitin' for you
I'll be waitin' for you
Million years
I'll be waitin' for you...
