I like my body When it's next to yours  
I love my kisses When they're mixed with yours

We should be workin' on some overtime  
A little sexy talk on the telephone line

Send your love Send it through the wire  
Stop the heat The Heat from another fire  
Send your love Send it through the wire  
Stop the heat The Heat from another fire

I don't mind trouble as long as I am in it with you  
And I love that filthy old money  
As long as I can burn it on little ole' you

We should be workin' on some overtime  
A little sexy talk on the telephone line

Send your love Send it through the wire  
Stop the heat The Heat from another fire  
Send your love Send it through the wire  
Stop the heat The Heat from another fire
