I want to talk about the leaders of our planet here  
They have two eyes, two arms, two legs, just like you  
and me  
Yet they're acting like high priests  
I guess they're sharpening their teeth  
Gettin' ready for the big ole' money feast  
Tension is high knowledge is low  
God gave them the right to tell us how to fight Fuck no  
There's things to be learned here It's time to burn fear  
No one man is supposed to control another man  
That message is clear  
I'm not black and I don't pretend to be, but I  
understand your  
Fight for unconditional equality as for me  
I'm tired of the lies and the answers I've been findin'  
God I hope you see some light soon, it surely shall be  
blandin'  
To daydream properly takes unmeasurable amounts of  
imaginary  
Skill and if you have too vivid of an imagination,  
Why it can even get you killed believe it

Information, Education to our kingdom it comes  
Aggression, Suppression Thy will be done  
Information, Education to our kingdom it comes  
Aggression, Suppression Thy will be done  
On earth as it is in heaven

How 'bout the case of M.L.K. whose "I have a dream"  
M.L King  
Got stepped on that day Story of Malcolm X  
I'm not sure we got HIS story in our text  
Jesus and JFK, all these people lookin' for a better way  
Leonard Peltier, wanted his people to fly, got his wings  
clipped  
I wanna know why

No one man is supposed to control another man  
That message is clear it gets clearer every year

We could be makin' love, not dollars and cents  
Talkin' bout truth, not hollerin' nonsense

If you look hard you can find the clues  
Read between the lines when you watch the news  
Someonw is making coin off of our addictions  
We want their names, no more fiction  
They teach you to fight, but not how to feel  
Turn off the tube brother and get real

Would the real son of god please stand up  
"...a small country many Americans had never even  
heard of.." (G. Bush)
