We've been working for the long time
And now my baby is here
No more hangin' with the wrong crowd
'Cause you mean more to me dear
When I first saw your face
I knew you would take the clouds away
Is and what we've created together is
The greatest gift in the whole wide world
One and one is two
Two is me and you
Two plus one is three
Three is family

I believe in you
And your love is true
Finally complete
Three is family

Our hearts beating all together
The tears run down my face
God this moment will last forever
And everything falls into place
In this crazy world
I know there'll be plenty mountains to climb
But the three of us together will
Keep me strong for the rest of my life
One and one is two
Two is me and you

Two plus one is three
Three is family

I believe in you
And your love is true
Finally complete
Three is family

Baby devine
Grow up in time
So I can feel this feeling again
Through your very eyes
My baby yea

Oh oh oh oh
Ooh hoo hoo

One and one is two
Family two is me and you
Two plus one is three
Three is family
I believe in you
And your love is true
Finally complete
Three is finally

One and one is two
Oh oh oh oh oh
I believed in you
And your love was true
Finally complete
Three is family

One and one is two
Two is me and you
Two plus one is three
Three is family

I believed in you
And your love was true
Finally finally complete
