Dont Think. Dont speak. I will do this for you. Every
Natural Thought or feeling you've ever had will change
tonight.

Dont Think. Dont speak. i will do this for you. Trust the
pedestal, for now we become a higher being.

I am your new mind.
I am your new you.
I am your new sin.
I am your new lust.
I am for you now.

Control...and collapse...collide.
A letter plagued by a twisted word. Slave. You will
become mine, for there are no more options. There will
not be a sweet consolation... this is what is supposed to
happen.
A predetermined destiny put in motion by my stronger
power.
YOU are ME.

Child:
I sit on this dirty floor. A weak mind for a cause. A
cause i do not know. Dont know what to live for. A
compliment I've never heard. A comfort I've never felt...
it's here, even though it won't last for long.

Man:
Sit down. Stand up please. Lay down... drink this please.
You'll be in peace soon. A tribe within itself... A vision
will display... to blind the caring. Too late....

I am a cult by definition. I am friend by first impression.
My task: to recycle this earth. To not repeat human
history...
Start from scratch... rid every sound. Deconstruct...
deconstruct all.

I've bid every method into the hands of my employees.
(I am a cult by definition. I am a scientist by default) I
have saved you. Now you will follow my journey... my
destiny. Tonight's your death. Resurrect my new you.

I am a cult by definition. I will end this human world.
This is shit and i have proved this with my followers.
Fuck humanity, end life. You are now dead, and i soon
will be
