(The Smashing Pumpkins cover)

Lover lover let's pretend  
We're born as innocents  
Cast into the world  
With apple eyes

To wish wish dangerous  
My dear delirious  
To try and leave  
The rest of us behind

Shot full of diamonds  
And a million years  
The disappointed disappear  
Like they were never here

Kiss kiss all of this  
The hiss that we had miss  
And understand what can't be understood

Sear those thoughts of me  
Alone and unhappy  
I never liked me anyway

If by chance  
Or circumstance  
We should fail  
Don't be so sad

Shot full of diamonds  
and a million years  
The disappointed disappear  
Like they were never here

In a dream  
We are connected  
Siamese twins  
At the wrist

And then I knew we'd been forsaken  
Expelled from paradise

I can't believe them  
When they say that it's alright

Words can't define what I feel inside  
Who needs them?  
Caught with this virus of my mind  
I give in to my disease, of my needs  
To my disease, of my needs

She really loves to break  
Her dad says its OK  
She really loves to break  
And give it all away

Her ma says she's afraid  
What more can she fake  
She really needs to break  
And give herself away

She gave it all away  
She gave it all away  
She gave it all away  
We really love the USA
