"Apostrophe"

So the sun blinds me with snow
and I step on the death-trap ice
navigate the crossroads
try not to die

And a source said
I'm happy but be careful
and a source said
you never let go
and a source said
who cares just run it

Suits and boots snap up
pull my trusted seed
I just made it up
these fools will eat it up

Wifi hungry man
I found the tunnel
it's cold in the shade

Papers rolls in folds
black ink
to drink
to think
extra boys calling
roll roll roll it up

And a source said
I'm happy but be careful
and a source said
you never let go
and a source said
who cares just run it

A spider's corpse
is carried away by ants
like voluntary coroners

Wifi hungry man
I found the tunnel

it's cold in the shade

This source is a liar
but it's all I've got
and I'll listen if it's bona-fide
apostrophe turns to a tornado
sends me running
running straight to you
