Dynamite Rave!

Come on everybody!

(go, go, go, go, go, go, go, go)

And get on the floor, yeah

Techno, rave

It's time to make a stand

N pave the way

Some might say

Let it go,

Stay with the flow

Stay on beat,

Move your feet

On concrete

Or on the dance floor

You want more

Then I'll give you more

If it's too hard core

Let me know

I stop the show

Then bring it back

To be exact

At 12 o'clock

Rock the spot

It's too damn hot

They told me so

To make a move

DYNAMITE RAVE

It's on the down low

Use your inner glow

To make a move

Show n prove

The man with the lisp

Sounds so crisp

When you can see me on TV

On the radio

Here me blow

I don't wanna give up

We're gonna have a party  
Have a really great time  
Yeah Yeah!  
Just feel the beat  
Listen to the music  
and feel that beat

C'mon, get up  
C'mon, c'mon  
Let me hear ya  
Let me hear ya

C'mon, get up  
C'mon, c'mon  
Let me hear ya  
Let me hear ya

Jump jump  
Do your thing  
This be the bomb  
Try to sing  
Narrator king  
Spread your wings  
Make your head ring to this song  
All night long  
Jack your body  
To this party  
Feel the pain  
When you strain  
Don't refrain  
Please don't stop until you drop

I don't wanna give up  
We're gonna have a party  
Have a really great time  
Yeah Yeah!  
Just feel the beat  
Listen to the music  
and feel that beat
