Ooh la senorita...
(I wanna kiss you all over) Ooh la senorita...
Ooh la senorita...
(...kiss you all over) Ooh la senorita...

Ooh la senorita...
(...kiss you all over) Ooh la senorita...
(I wanna kiss you all over) Ooh la senorita...

Sitting in the corner with her coffee cup
Reading the newspaper, not looking up
She smiles as she finds something funny there,
The sunlight, shining in her hair (Ooh la senorita...)

(I wanna kiss you all over) Ooh la senorita...
Ooh la senorita...

You know she has a mind, she has an attitude
She likes her space and her solitude
She'll tease you or please you if she's feeling good
Or burn you, like you knew she would (Ooh la senorita...)

I wanna kiss you all over... (Ooh la senorita...)
Ooh la senorita...

(...wanna kiss you all over...) Ooh la senorita...

Ooh la senorita...
(...kiss you all over...) Ooh la senorita...
