The first thing I say in the morning is  
"Fuck that shit"  
People are offended and tired  
So fuck that shit.  
I walk myself to my church service  
And ask for this  
Balance my brain chemicals  
So I can give a shit  
Shit

Stay back, don't make advances  
I'll keep my side of the trade  
(Here is a blatant remark)  
I fought for bitter contacts were in order  
(I'll never get arrested)  
Bitter contacts were in order  
This is all for the opposition  
For the opposition

Make it right  
Put your soul on ice  
Give a chance to make this better  
Make it right  
Put your soul on ice  
Lets wait to pull that lever  
Make this right  
Put your soul on ice  
I need to make this better  
Make this right  
Put your soul on ice  
But I still make this wrong

I get hyphy on such a decadent mixture  
Man we're back again  
But I'm only here for just one more show  
Feel the back of my hand  
Feeling alone on such a decadent mixture  
Wanna hit ya get your picture and just take you home  
Record banter we make post parole

And then I took the keys right out of the ignition

And I ran, broke out down running down the street  
Lookin' for where the hell  
Where the hell can I hide?  
People, people tryin' to ask me questions man  
I don't know the fuckin' answers  
Uh I just got this rock  
I just got this rock, rock solid

Raise your hand  
If the system has missed you man  
Your money ain't gone  
As far as it used to  
Raise your hand  
If the system has missed you man  
Raise your hand  
Raise your fucking hand

Oh, hey Jon  
Oh, yeah  
How's it going man?  
Oh, I'm alright wh-whatever  
Did you hear about that party?  
No, no where's that?  
Dude - I can't  
Is it 26 and P or what?  
Dude, it's L  
What?  
Yeah  
Dude I've been driving around for like fuckin' half an  
hour  
I thought you were picking me up right now  
Well, I was going to but I had to stop at the store  
And get some fucking shit  
You had to stop at the store?  
Well, what are we going to fucking drink?  
Do you still have the money that I gave you earliar?  
Well, not really because I had to buy beer  
That's fucked up man everytime I pick you up  
And I pick my money on you  
Well - whatever, I don't give a shit  
I'm still going are you going to come?  
I'll pick you up still  
But the party is going to be over by the time I get over  
there  
Well, it doesn't really matter right now  
Because you are Rock Solid  
Rock Solid?  
Rock Solid  
We're both Rock Solid?  
That's right.

Raise your hand  
If the system has missed you  
Your money ain't gone  
As far is it used to  
Raise your hand  
If the system has missed you  
Your money ain't gone  
As far is it used to  
Raise your hand  
If the system has missed you  
Your money ain't gone  
As far is it used to  
Raise your hand  
If the system has missed you  
Your money ain't gone  
As far is it used to

And you, persist  
Oh well  
Ahhhhh  
I'll learn and just have to live with it
