Won the battle, so now buy me clothes  
Lets make-believe that we're better off alone  
Well, it's me, I implore  
I store smiles down in the basement  
Even in a perfect world we could not breathe

Now I'm choosing my battles  
Now I'm herding the cattle  
Now I'm choosing my battles  
I am the sow

You remind me of someone  
You remind me of someone else[x2]

We could not get up here  
The stairs have collapsed on top of us  
No one said it was my responsibility  
Well I'll get this done  
We are up on our backs,  
Helpless, in fact, but slowly moving  
Nine-to-five we slave  
For people that are underage  
I'm slowly moving  
I'm slowly moving  
Oh, it's the best feeling  
Thinking of your' new goals in life  
And I never wanted this to happen  
But it always does  
It's so funny when you speak of love so fluently;  
You have ruined me.  
When will this end, when will this end?  
I saved the gats for you and I, decide

We've got to save the weekends for getting our minds  
blown out  
We've got to find the best way for shutting their fucking  
mouths  
When will this end, when will this fucking end?  
Well, Judgement Day is Tuesday  
So get your rabbits foots out

Won the battle, so now buy me clothes  
Lets make-believe that we're better off alone  
Well, it's me, I implore  
I store smiles down in the basement  
Even in a perfect world we could not breathe

It's like you never felt so  
I'll drive the boat[x2]  
It's like we've never felt so  
I'll drive the boat, I'm arming the laser  
It's like you never felt so  
Never felt so great, never felt so gold  
It's like you never felt so...  
Gold, it hurts  
Diamond flavor.
