Your mummy dressed up to take the food for

That microwave, she couldn't boil an egg
That microwave, the smoke alarm was going off like
That microwave, she couldn't boil an egg
That microwave, smoke alarm was going off like

[?] yeah I kinda have to
Murray's mummy's on the [?] and Gigi's getting all her
kit back

Time capsule
Time capsule
Time capsule that we share
(From another life) Time capsule
Time capsule
Time capsule that we share
From another life

Why won't you hear these words
Why won't you hear these words
Taken from the diary
From another time

When I found this book it was half eaten by
[?] photographs and his excuses for being mean

So it started right from
Page one to god right
My back words and
Photographs and trying to be better

Sauchiehall runs like an artery
Through the place you were born

So I put on my high voice
Like a fist
Sauchiehall runs like an artery
Through the place you were born
So I put on my good voice
Like a strong time capsule
Time capsule
Time capsule
Time capsule
