Oh, hiya  
Watch this! Watch this!  
We'll suck you in  
Past it's burgundy death grin  
Crushing boat (rot) cross your face  
Pulling your brains out of your skin  
Watch this! watch this!  
Lets have a wander,  
To poke the matted brick face.  
I'll show what to think of,  
Stand behind you, stand behind you just incase!  
Watch this! watch this!  
And you can't stop the grins,  
Dripping off on-top of you.  
No you you can't stop the coins from spinning,  
And spinning and spinning... can't stop the coins from  
spinning

I swear this thing will take you in - watch.

The gloss is gone to a backwards torch,  
Cos we're chomping at the bits and they're crushed  
Cos we're running out of time (we're running out of  
time)  
We demand yr attention so  
Watch this! Watch this!

1 2 3 4, 1234

I swear this thing will take you in - watch.

Now we're back in the grid,  
Chance to become what we did.  
(And now we're stuck screaming out)

You saw the jaws rattle in a vacuum,  
You saw the smiles stamped on,  
You saw them hold you up like a prize in the throbbing  
gloss of the body.  
You saw the sky rupture in a heart beat  
You saw the rattle of a newborn  
You saw these hands as they forced it down, to the

slither of an 8 ball

Scream and shout

Tire you out

Stretch you out

There's no doubt
