Performed by Rebecca Eve Suter

We will, we will be young forever (forever!)
We will, we will stay young forever (and ever!)

We are the ones to make it right
We are the people of our time
We hold the future in our hands

We have the love to build upon
Together we can have it all
With every step we're moving on and on

There's enough for everyone
And more to go around
You will be forever free
With all this love, love around

We will, we will be young forever (forever!)
We will, we will stay young forever
We will, we will be young forever (forever)
We will, we will stay young forever (and ever!)

We're getting closer here tonight
There are no feelings left to hide
I know we're doing what is right

Time to share a love like this
We've gone beyond the boundaries
It's all in our hands

There's enough for everyone
And more to go around
You will be forever free
With all this love, love around

We will, we will be young forever (forever!)
We will, we will stay young forever
We will, we will be young forever (forever)
We will, we will stay young forever (and ever!)

And now the time has come
For you to stand out from the crowd
Let's begin, just let it in
Straight into your heart

We will, we will be young forever (forever!)
We will, we will stay young forever (and ever!)
We will, we will be young forever (forever)
We will, we will stay young forever (forever and ever!)
