Bambee

Gary Perlman

5th Mix (142bpm)

All alone upon the shore,
We sit together in the calm of the summer breeze
I move in a little closer
And I slip my arm in yours

The sun shines bright upon the ocean waters,
There until the glow of the evening
Sweep me up like the waves and hold me tight in
your arms

Tell me that you love me to
Knowing that you care, makes me feel alive
Knowing that you love me, I feel so alive (just you and
me)
Knowing that you love me, now (girl, I need)
I feel so alive (my dreams come true)
Knowing that you love me, I feel so alive
