"This is radio station CJ Boogie, with a brand new,  
world premiere from  
Captain Jack: Only You."

Only you-ooh, can make me feel so true  
I'll never ever be so blue  
As long as I have you

Only you-ooh, can make me feel so true  
Whatever ever I can do, it's because of you  
Only you-ooh, can make me feel so true  
I'll never ever be so blue  
As long as I have you

Ahhhhhhhh!  
All the hootchie mamas throw your hands up (Hands  
up!)  
All the hootchie mamas throw your hands up (Hands  
up!)  
All the hootchie mamas throw your hands up (Hands  
up!)  
Gotta let me hear ya say yeah! (Yeah!)

You like me, I like you  
So happy, you're my boo  
Would you like to join my crew?  
Fly up high to the sky, so blue!

Only you-ooh, can make me feel so true  
Whatever ever I can do, it's because of you  
Only you-ooh, can make me feel so true  
I'll never ever be so blue  
As long as I have you

Ahhhhhhhh!  
All the big boys throw your hand up! (Hands up!)  
All the big boys throw your hand up! (Hands up!)  
All the big boys throw your hand up! (Hands up!)  
Gotta let me hear ya say yeah! (Yeah!)

You like her, she likes you

You're happy, she's your boo  
Sing along with my crew  
Fly up high to the sky, so blue!

Only you-oooh, can make me feel so true  
Whatever ever I can do, it's because of you  
Only you-oooh, can make me feel so true  
I'll never ever be so blue  
As long as I have you

We're only two people in love  
It's stupid from the start  
We're only two people in love, in love  
We're only two people in love  
You know you have my heart  
Tell me we'll never part!

Only you-oooh, can make me feel so true  
Whatever ever I can do, it's because of you  
Only you-oooh, can make me feel so true  
I'll never ever be so blue  
As long as I have you
