Unselfish, unyielding grace
That covers my fate
A child in helpless trial
Your spirit falls, You carry me on
I love, I serve
I Praise the living
Chorus
God, over my fear
God, above my hate
Forgiving God, I sing Your praise
Down on my face

Shelter for where I've been
Shout aloud to the ends of the earth
The cry of my heart, the strength of Your name
I love, I serve
I praise the living

Chorus

To the sky
I open my eyes and pray
I long for that day
To see Your face
Feel Your embrace
All of heaven will hear me say

Chorus
