

Between the Trees "Move"

Stretch your line and cover up to sit at home
With every passing mile, melodies become
More than a song in my head

I paint a picture of the story of my life told
And taking chances see the color scheme unfold

This is ours and we're taking chances
We're moving and we're not waiting for this to move
So we're gonna move

All I know is we're gonna make it out
We're moving
All I know is nothing can stop us now
Still moving on

All I know is we're gonna make it out
We're moving
All I know is nothing can stop us now

Time is precious, we can't stop now
If you're burdened by the bruises
Then you're never gonna make it out

And if you're hurting on reality shows
And talent branches are a reason to say no

This is ours and we're taking chances
We're moving and we're not waiting for this to move
So we're gonna move

All I know is we're gonna make it out
We're moving
All I know is nothing can stop us now
Still moving on

All I know is we're gonna make it out
We're moving
All I know is nothing can stop us now

'Cause these roads were made for moving
So we're moving, we're moving

All I know is we're gonna make it out
All I know is nothing can stop us now

All I know is we're gonna make it out
We're moving
All I know is nothing can stop us now
Still moving on

All I know is nothing can stop us now
Still moving on
All I know is nothing can stop us now
