Can we sail to spain just me and you?
open ocean and the bright blue sky above
what do you want?
do you want the moon?
I'll get it for you
from the top so high
to the valley low
i want to give you whatever you need so just let me
know
cause all i want is more of you

all i want is you
give me a dance she says
just take my hand she says
i don't want anything
let's make our getaway
just me and you babe
the rest of the world can wait

cause I've been waiting for you
I've been waiting for you ohoh
with the world we know waiting on hold
do you think we could really just be alone?
far from all that seems to keep us apart?
i need you
so don't leave yet
let's find a way to stay even if just for a moment
cause all i need is more of you

all i want is you
give me a dance she says
just take my hand she says
i don't want anything
let's make our getaway
just me and you babe
the rest of the world can wait
cause I've been waiting for you
I've been waiting for you ohoh

give me a dance she says
just take my hand she says
i don't want anything

let's make our getaway
just me and you babe
the rest of the world can wait
cause I've been waiting for you
I've been waiting for you ohoh
