She's upset  
Bad day  
Hears for the dresser drawer  
To drive her pain away.  
Nothing good can come of this.

She opens it,  
There's nothing there  
There is only left over tears.  
Mom and dad had no right, she screams  
The anger runs down both of her cheeks.

Then she closed her eyes  
And found relief in a knife  
The blood flows as she cries.

All alone the way she feels  
Left alone to deal with all the pain-drenched sorrow  
relief  
Bite the lip just forget the bleeding.

Then she closed her eyes  
And found relief in a knife  
The blood flows as she cries  
Wooah oh  
Then she closed her eyes  
And found relief in a knife  
The blood flows as she cries.

Curled up,  
She's on the floor.  
The relief left her...  
She had hoped for something more  
From it  
Hoped for something more  
From it  
And He leans down to comfort her  
She is weeping  
And He  
Wraps His arms around  
And around and around and...  
The deeper you cut,

The deeper I hurt  
The deeper you cut,  
It only gets worse  
The deeper you cut,  
The deeper I hurt  
The deeper you cut,  
It only gets worse  
Gets worse.

Now she's slowly opening...  
She's slowly opening  
New eyes...

Then she opened her eyes  
And found relief in His life.  
And put down her knives  
Wooah oh  
Then she opened her life  
And found relief through His eyes  
And put down  
She put down,  
Her life.
