"No Stop"

I don't wish to stop! No!

As the light rises from the ground
Everybody's going crazy spinning around
The brand new dream that is coming true
You smiling at me, while I haunt you

My twisted ways always seemed the best
To keep me from getting some rest and
Make me creep around like the living dead
It feels like you are the ghost that took my head

Took my head! [x4]

Dazed, confused, unfairly abused
There's something too big coming soon

'What?'

It is worst than you can imagine!
It is stronger than what you've prepared!
Why you're thinking of fighting what you can't deal?

Blindfolded with true sight!
I can see what you pretend
I won't take it anymore! No, no, no, no!
I won't take it anymore! [x2]
We won't take it anymore! [x2]
Get out!
