YES!...Yes..yes..yes. Yes..Yes..Y-E-S. Yes.
We are going to have a relationship tonight.
I'm gonna go out with you. We're gonna date for a
while.
We're gonna make sweet, sweet comedy love with
each other.
And then suddenly without warning I'm not even gonna
call you guys
anymore. The last thing you will have heard me say
was,
"hey, i'll call you guys later" and I never call.
But you hear from the grapevine, I'm dating a younger,
sexier crowd.
And then I'm really happy, but I'm not happy cuz I think
about you guys.
And about a year from now, I'm gonna call weeping in
the middle
of the night, "(sniff)you were the best crowd I ever
had...(sniff)
you really listened to me...and I didnt know the crowd I
had til you
despered." Then we're gonna get together, were
gonna hang out,
and maybe we'll all like, ya know, run around town and
smash windows
and cause destruction. And I'll make jokes and one of
you guys will turn
and be like, "Haha, Dane your a riot!" and I'll go,
"IM A RIOT? YOUR A FUCKING RIOT!"
GET IT?
Thats how things are gonna go down tonight!
