I've always wanted to uh.. upper cut a punkass.
And send him flying onto a table, preferably with a
cake or a
bowl of punch on it.
And then it would break, and this would take place at a
party, dance,
ghalla event.

This is a direct quote that I want to recieve someday
from someone.
And I want them to mean it, when they say this.
And I dont know what it is yet, but I want this reaction,
"Are You Out of Your Fucking Mind?!"
And then I want to do whatever the action is,
and then I want them to follow that up by saying,
"You Really Are Out of your Fucking Mind!!"
Maybe shove some fireworks in my pants,
"Hey Hey Are you out of your fucking mind?"
Shhh, *firework noises*
"You Really Are out of yuor fucking mind! Oh, he just let
fireworks off
in his pants, he really is out of his fucking mind!."
