"Struck by a Vehicle"

Visit "[Struck by a Vehicle](#)" on MotoLyrics.com

Three weeks ago one of my dreams came true.
I finally got to see something I've always wanted to
witness live.
I finally saw someone get hit by a car.
Nailed, this guy got hit right in the hip.
That's your center of gravity and that sends you
flipping through the air
like Eddie Gordo from Tekken when someone doesn't
know
how to do combos and they're just hitting the buttons
randomly.

I always just miss it, right?
I'm looking, and then I go to order my twisty cone.
Collision noise
Oh what, what happened?!
The guy got hit? No.
I just went to order my twisty cone and I missed it.

This guy gets nailed.. this is the setup.
He's walking down the street and he's doing that
whacky speed walk...
he's got the buds in his ears, and I don't know what
you're listening to
that makes you do this fucking walk.
Maybe just a tambourine or maracas.
You're just.. *shookashookashookashooka*.
So Johnny Tambourine is walking down the street,
he's got the "not a good time to cross" signal.
As he's going across, I see the car *car noise* coming
down the street.
When I see the car coming, I'm like...
"Yesssss finally. don't talk to me. don't talk to me I
gotta see this."
collision noise

The guy goes flying into the air, his shoes flew off.
When you get hit by a car, sometimes your shoes will
fly off.
Sometimes your pants will come off.
But I was not fortunate enough to see the pants portion

on this strike.

And before I go any further, here's the best part.
This is how he lands on the other side of the car
which was a dodge by the way,
and I thought that was kind of funny and ironic.
I just -- I got a little humor out of that.
I did try to help this man.
as the car was coming towards him I reached out and I
said,
"ohhhhh. ohhhhh."
That's all I could think of to say.
Theres so many things now in retrospect that I would
love
I would love to have been like "you're about to get
struck by a vehicle!!!"
I did not have time to say "You're about to get struck by
a vehicle"
so I went with "ohhhhh!" which is like a concerned
moan.

The guy gets tagged okay, the greatest part of the
story.
He's in the air flipping around,
this is how he lands on the other side of the car.
He comes down perfectly on his feet and then he
jumps in the air
and he starts walking around, embarassed.
He's trying to play it off like he didn't just get hit, by a
car.

People around him are like...

--"Oh my god! Oh my god! Are you alright? Are you
okay?"
He's like ...
--"I'm fine, I'm fine. Seriously, I'm fine. I'm a little bit
hungry.
But uh other than that I'm fi-"
--"No you should really sit down, you're bleeding from
the ears."
--"I know, I know that. I do that.
Every couple of weeks I empty the blood out of my own
head,
it's tradition in my family. Has anyone seen my shoes?
I kicked them off in a fit of joy.
I love getting struck by vehicles and sometimes
I'll kick my shoes off in a fit of joy.
I'm fine I'm just gonna go over here and puke shards of
my own
pelvis into this bush."

puking noises
