We laugh, but we love violence in this country we like violence.
We have those little violent tendencies.
Im not the only person,
I know your like me when you see somebody walking down the street
Wearing a Superman T-shirt, you just wanna shoot them in the chest.
And when they start to bleed go, "I guess not."
Dont wear the shirt. Wear a shirt that says,
"I bleed if you shoot me in the chest plate".
And i will not shoot you in the chest plate.
Superbleeder. Hahaha, I called him Superbleeder.
