VERSE

The space between what's wrong and right,
You will find me waiting for you.
All your fortresses go down in the night.
To the dawn I'll see you through.

CHORUS

Cause I know, that you know,
You're all over me now.
And it's clear, you will show,
And your curtains will close.
But if your heart is cold,
My sheets are warm.
I will shelter you,
Through the storm.
I will shelter you,
All through the storm.

VERSE

If the answers aren't so easy to find,
The questions will have to do.
'Cause I've lost myself deep in your eyes,

My only fix is you.

CHORUS

Cause I know, that you know,
You're all over me now.
And it's clear, you will show,
And your curtains will close.
But if your heart is cold,
My sheets are warm.
I will shelter you,
Through the storm.
I will shelter you,
All through the storm.

Musical bridge

Say what I am,
What we are,
It's a start towards the truth.

Taking my breath,
With each delicate step
In my heart it's you.

The space between what's wrong and right,
You will find me waiting for you.
