One day you'll hear me singing on the radio  
A song that I wrote for the lies you told.

Lights out the joke's on you!  
Car crash right on cue  
Stuck trigger and my bad mood on the radio.

Call it in, get it on the air  
It's "dance along" vs. "I don't care"  
Heads up this joke's on you  
This next request comes from Chicago.

One day you'll hear me singing on the radio  
A song that I wrote for the lies you told.  
And when you hear me singing whoa-oh-oh  
Consider this the bitterest goodbye... kiss mine!

Tune me in so I can call you out.  
Turn it up, sing out loud... these speakers know you well  
You can hum along while you burn in hell

One day you'll hear me singing on the radio  
A song that I wrote for the lies you told.  
And when you hear me singing whoa-oh-oh  
Consider this the bitterest goodbye... kiss mine!

I'm gonna dig your grave  
With all the shit you say  
Don't try to run away.  
Yeah Yeah  
Yeah Yeah

One day you'll hear me singing on the radio  
A song that I wrote for the lies you told.  
And when you hear me singing whoa-oh-oh  
On the radio

One day you'll hear me singing on the radio  
One day you'll hear me singing on the radio  
One day you'll hear me singing on the radio  
Consider this the bitterest goodbye... kiss mine!
