Do you want to be my secret, a cloak and dagger man?
Or my infatuation gone bad?
I'll be the kid who felt awkward in my own shoes,
You be the girl that all the boys do!

Spying on you from a distance
I just want to pretend you're my intentions gone bad
Play it cool be it awkward and slightly stalker-esque
And I know where you live

Your best bet is your worst,
Put "here lies" in the dirt
Me, the warning to your lover
Bite your lip -- this might hurt,
Choke your heart on this curse
Hope regret lasts forever

Coming at you like a mystery,
I'm stealth, smooth, and slick
An experimentation gone bad
Whoa you got me wrong,
You got the goods but I've got this songs
And I know where you live
(And I know where you've been)

Your best bet is your worst,
Put "here lies" in the dirt
Me, the warning to your lover
Bite your lip -- this might hurt,
Choke your heart on this curse
Hope regret lasts forever

Ba ba ba da ah ba da ba da.
Ba ba ba da ah ba da ba da.
Ba da da.

Your best bet is your worst,
Put "here lies" in the dirt
Me, the warning to your lover
Bite your lip -- this might hurt,
Choke your heart on this curse
Hope regret lasts forever

Hope regret lasts forever
Hope regret lasts forever
