I left my heart in Kansas
It's the second biggest ball of twine
Quantrill is bound to catch us
Come on kids, begin to secede

It'll be alright
It'll be just fine
You don't have to rush
Take your time

So bored we raced tornados
Eating lies where the summer ends
So flat it's bound to pass us
Triple crown and Hollow Springs

It'll be alright
It'll be just fine
You don't have to rush
Take your time

Can't have this town
Stick em up we're coming round
Midwestern bound
Kinda wanna, yeah we kinda wanna
We don't wanna

It'll be alright
It'll be just fine
You don't have to rush
Take your time

Can't have this town
Stick em up we're coming round
Midwestern bound
Kinda wanna, yeah we kinda wanna
We don't wanna
