I'm sorry boy
I wasn't stealing your girl for sure
What should I do when she asked me to go out?
I should've tried to turn my phone off
But she kept calling me
Last night she caught me up

I could run but she always found me
I couldn't deny everything that she said
I'm actually fun with her / I actually have fun with her
For the last time I apologize
I could leave but she doesn't wanna lose me
I could lie but she always trusts me
I'm actually fun with her/ I actually have fun with her
For the last time I apologize

I need someone to share
Can't we just be friends?
I'm just your boy's best friend
And this could be wrong
I feel like I'm a fake
I know his love is yours
Or should I stop this
Then I'll make up my mind

Just stop calling me "baby"
You need me but I swear you don't want to
With those eyes you impress me
Why did you tell me you're alone?
Remember when the first time
I saw you at the party where we got drunk
Remember when the first time
I saw you at the party where we got drunk

I need someone to share
Can we just be friends?
I'm just your boy's best friend
And this could be wrong
I feel like I'm a fake
I know his love is yours
Or should I stop this
Then I'll make up my mind
