Lets stop the clocks
There's no reason
No reason to be afraid
Your mouth is
Open
But words are not reaching me
So speak clearly now
The time has
Come
Stay sharp this time

To her big brown eyes
And the starlit sky
I
Will wait for you

Looking down from this moutnain
I see you
But how can
This be
Can't see the path you chose
That you wrote for yourself that
Night
You drown yourself in the lake
The one with all the bridges
Lights
Shining down on your face

Don't speak, your eyes will tell the story
Don't
Think, there's no time to consider
Don't breathe, you're out of breath
Don't
Freeze, you're time has come

As I count away the hours until the next
Visit
We'll lay in the sand, stare into space
Pretend we're married just so I
Can see you smile...
... again.
