They can't wait to get in to me  
But I can wait to tell them  
I can wait to get it on  
But can I wait to tell them  
I can wait to get it in me  
But can I wait to tell them  
They can wait to get in me  
But can I wait to tell them  
I can't wait to get it in me  
But I can wait to tell them  
Because i can wait

I can wait to tell them  
They can't wait to get-off on me  
And I can't wait to tell them  
That I know, that I know  
That I can wait to tell  
They can wait to get on to me  
And I can wait to tell  
See I can wait  
I can wait

But when you wait what do they say  
When you wait what do they say

Fool you sink  
Forgot to think  
It can never get any easier  
Until you give into  
Slip into what they don't do

Hands-up I think you're down with this  
Handcuffs to keep you still  
But when you wait  
But when you wait what do they say

They couldn't wait to get it in me  
And now I have to tell them i couldn't wait to get it in me  
And now I need to tell them

I couldn't wait to get it in me  
And now I need to tell

You see, I couldn't wait  
And now I have to tell them

Fool you sink  
Forgot to think  
You fool you sink  
Forgot to think

Fool  
You're taking me higher  
Taking me over  
You're getting me over they will  
It's making me stronger  
Making this stronger  
Gonna get over

Fool  
You're taking me higher  
Taking me over  
You're getting me over they will  
It's making me stronger  
Making this stronger  
Gonna get over...  
Their will
