The Friday sun bears down again  
As we drive without friends  
And on these longest days we spend  
All the time trying to pretend  
That our stories could be true  
Our chance to be cool  
The setting sunset says the day is through  
If only we knew...  
And we all sit around here in our home town  
Listen to the waves as they all crash down  
And watch the fire as it slowly burns away  
Glowing embers fly across the sky

Here by my side, in my summer, our last summer  
The world passes by in my summer, our last summer  
The light makes shadows fall, surrounded by each  
other  
Alive to watch it all, the view from our last summer  
The view from our last summer...  
We trace the sun across the sky

And we laugh till we cry  
Always so hard to say goodbye (good bye)  
And we all sit round here in our home town  
It's so good like this, these are times we'll miss  
The memories, I hope they'll never fade  
Glowing embers lie across the sky

Here by my side, in my summer, our last summer  
The world passes by in my summer, our last summer  
The light makes shadows fall, surrounded by each  
other  
Alive to watch it all, the view through our last summer  
The view from our last summer...

I would stop time to stay with you  
I would stop time so we don't move  
I would stop time  
I would stop time  
I would stop time to keep you

Here by my side, in my summer, our last summer

The world passes by in my summer, our last summer  
The light makes shadows fall, surrounded by each  
other  
Alive to watch it all, the view from our last summer
