Turn it up, I never wanna go home  
I only wanna be part of your breakdown  
She got caught by the four on the floor  
I picked her up and she'll never get let down  
And now I can't stop thinking about it  
All you people at the top, don't know nothing about it  
We don't give a fuck what the price is  
So just leave us to our own devices and we'll leave you  
alone

I'll be there when your heart stops beating  
I'll be there when your last breath's taken away  
In the dark, When there's no-one listening  
In the times when we both get carried away

When we both get carried away

She says it all without a thought in her head  
She says it all as she's pressed up against me  
A little something just to take off the edge  
A little more and I'll fall off the planet entirely

I'll be there when your heart stops beating  
I'll be there when your last breath's taken away  
In the dark, where there's no-one listening  
In the times when we both get carried away

When we both get carried away

I'll be there when your heart stops beating  
I'll be there when your last breath's taken away  
In the dark, When there's no-one listening  
In the times when we both get carried away  
When we both get carried away  
When we both get carried away  
(I'll be there when your heart stops beating)  
When we both get carried away  
(In the dark when there's no one listening)  
When we both get carried away..
