Always thought someday you would notice me
More than friends, you would see me differently
Then I heard you're so in love with her
And now where am I?

I'm crushed, so crushed
'Cause I always thought that it would be the two of us
And I'm dying inside
Every time I see you walking hand in hand

It just makes me cry
And my tears don't seem to dry
And that's why, I'm crushed

Used to be, couldn't wait to talk to me
You would share your secrets you would
Share your dreams, you would tell me everything
Oh, if I could only hold you now

It's her who gets to be your girl
And kiss your lips

I'm crushed, so crushed
'Cause I always thought that it would be the two of us
And I'm dying inside
Every time I see you walking hand in hand

It just makes me cry
And my tears don't seem to dry
And that's why, I'm crushed

I was getting up the nerve to finally tell you
All the things I feel for you
Now everything is wrong, the chance is gone
She's come along and ripped my dreams in two

And I'm crushed
'Cause I always thought that it would be the two of us
And I'm dying inside
Every time I see you walking hand in hand

It just makes me cry

And my tears don't seem to dry
And that's why, I'm crushed

Baby, I'm crushed
Baby, I'm crushed
Baby, I'm crushed
I'm crushed
