I was only tryin to keep the wall from closing in  
I was only waiting 'round for something to begin  
I was only seventeen  
I told you that it didn't mean a thing...

Feels like a million years ago  
Small town where everybody knows  
Everything about everybody else

Way back when there wasn't you and me  
I guess I was still naive  
And the moment was as far as I could see

(Chorus)

I was only tryin to keep the wall from closing in  
I was only waiting 'round for something to begin  
I was only seventeen  
I told you that it didn't mean a thing...

Why can't you just love me?  
Please, don't push too hard  
The truth you think you're after  
Might just break your heart

Someone who I thought was my friend  
But sometimes people just pretend  
And I will never be the same again

(Chorus)

I was only tryin to keep the wall from closing in  
I was only waiting 'round for something to begin  
I was only seventeen  
I told you that it didn't mean a thing...

Why can't you just love me?  
Please, don't push too hard  
The truth you think you're after  
Might just break your heart

I'm sure there's things you'd rather keep inside  
I won't ask you about all the things you've tried  
Don't let yesterday get in the way

Why can't we just start from where we are?

(Chorus)

I was only tryin to keep the wall from closing in  
I was only waiting 'round for something to begin  
I was only seventeen  
I told you that it didn't mean a thing...

Why can't you just love me?  
Please, don't push too hard  
The truth you think you're after  
Might just break my heart....
