Vers I

Back in 1992... Bababadabababadabababada...

It was two years after New kids hit the charts  
Six years after Madonna stole my heart  
It was TLC on the radio and...  
"Stop-Hammer time"

Chilli peppers sure could rock  
And Kidies made the covers with the help of a sock  
I turned down sports for Faith No More  
While Slash fed his snakes with blonds from the tour  
Bababadabababadabababada...

Vers II

Jeremy spoke in the class today  
When the smell of our youth got portrayed  
By the man with the voice and pain inside  
Ah, fuck that shit, rest his soul-Nevermind  
In my shoes there were room to grow  
So I got real high after a pumpkins show  
Sure as hell I miss my past  
And when I think of it now I smile relaxed

(Chorus)

We listened to "Would?" and made out in the car  
I took the shit when you dad found out  
You were my first and you gave me your heart  
Alle I gave you mine... It was 1992

Bababadabababadabababada...

Vers III

And I learned all the songs on cheap guitar  
And sat in my room and I looked at the stars  
Wondering if wedder had lost it for real  
And if Miss Sharon Stone wore panties in the scene

It all made sense with Body Count  
The first one to speak were the words came out  
And I sang along to "It's a shame about Ray"  
When I found you-I got laid... I got laid

(Chorus) - Back in 1992

Bababadabababadabababada...

Back in 1992... (2x)

It was 1992... (2x)
