Don't want to be a guy who gets a dog at twenty-five
To cure my loneliness from the girl i thought i had
And in a fucked-up state, in a differend world, in a far
out place
I made a huge mistake and i fell in love and i told it to
her face

And she told me that she loved me but she didn't
She just thought the words were nice and fitting
And this sums up how she felt for me
How the apple of my eye turned out to be
Sorry and stinking and full of shit
And im proud of myself for putting up with it

Life just sucks
I've lost the one
Im giving up
She found someone
And where's my dog
I need you more than ever

Life just sucks
I've lost the one
She told my friends that she found someone
And where's my dog, i need you more than ever
Still it was the best i ever had

Don't want to be a guy who gets a dog at twenty-five
To cure my loneliness from the girl i thought i had
And on the phone to me she said "well there's this guy i
see"
I guess they call it quality can't you please put up a
smile for me?

And she told me that she loved me but she didn't
She just thought the words were nice and fitting
And this sums up how she felt for me
How the apple of my eye turned out to be
Sorry and stinking and full of shit
And im proud of myself for putting up with it

Life just sucks
I've lost the one
Im giving up
She found someone
And where's my dog
I need you more than ever

Life just sucks
I've lost the one
I told my friends "I bet she found someone"
And where's my dog
I need you more than ever

Still it was the best i ever had
Cause girls are such a drag x3
Still it was the best i ever had
