Hey girl what's wrong with your principles?
When you say that you're a vegetarian
Well, I've seen you eat meat a couple of times but
I swear I won't tell anyone.

And how about the affection for me after I've been
Walking through hell for you?
What the hell did you expect me to do?

I still think that you're a bitch, talking Motherfucker
You're the worst cock sucker
Swore that you where true to me
Yeah - in my dreams, in my dreams

Ah - I just won't rub it in...

I still think that you're a bitch, talking Motherfucker
You're the worst cock sucker
Swore that you where true to me
Yeah - in my dreams, in my dreams

Ah - I just won't rub it in...

Ah - I just won't rub it in...
