Cherry, I know Iâ've been stupid and blind
You possessed me all the time
I know that youâ've got some one on the side
Feels so good to leave this shit behind

So now I stand here with the thumb in the air and
Some cars stop and some folks stare
Feels like it was meant to be
I know you doubt it but ...Just wait and see...

It all starts today Iâ'm going to head my way
Roadtrippin through the US of A
It all starts today Iâ'm going to head my way
Roadtrippin my sorrows away...

Hang around with the boys
Boys will be boys
Get drunk with the girls
Girls will be girls
On an island in the sun
We rule the world
And nothingâ's gonna stop us - Nothingâ's gonna
change
We live forever trippin our lives away...

My backpack's heavy but I don't care
Snakes and spiders is all I fear
A big shout out to liberty
From the top of Pacaya - Chica, baila con migo!

I got travellers checks and a picture of mom
In cases I get lost and never found
Lust filled words in my diary
I rule this world - this trippin is for me

It all starts today Iâ'm going to head my way
Roadtrippin through the US of A
It all starts today Iâ'm going to head my way
Roadtrippin my sorrows away...

Hang around with the boys
Boys will be boys

Get drunk with the girls
Girls will be girls
On an island in the sun
We rule the world
And nothing's gonna stop us - Nothing's gonna
change
We live forever trippin our lives away...
