V1: Goodbye, please don't say goodbye,  
just sit down and listen,  
something i have to, to say,  
I want things to be how they use to be,  
Let's just start all over, start from the beginning,

pre-hook: I understand that love ain't easy,  
i know sometimes we don't agree,  
but through it all i'll be here baby,  
Over and over again,

CHorus: I'm sorry if i, i ever hurt you,  
wish i could take it back,  
I'm sorry if I, took you for granted,  
and treated you so bad.....  
I'm sorry if i, i never told you, how i feel inside,  
Cause the truth is, that i need you, i need you in my  
life..
