[Verse 1]

Been waiting by the phone at night (at night)
Anticipating every call
Don't wanna watch what we have left (have left)
I know that love takes some time
It's hard for you to trust someone
After all the things you've been through
I know that I can treat you right
Baby only you

[Chorus]

Cause I don't wanna be that guy
That turns around and makes you cry
Don't wanna be alone tonight
I don't want to be that
I wanna be the one you think of everynight (everynight)
Before you fall asleep girl
And I wanna be the one there by your side
(your side , all by your side)
And I wanna be the one inside of your life
(always and forever)
I don't wanna let this pass me by

[Verse 2]

What would I do if you were next to me girl
You're the reason purpose of my life now
And I promise I won't let you go
(I won't let you go)
Even though season change
(you can be sure)
My love will always be the same
Cause your everything I need
And you should just know that I
(that I)

[Chorus]

I don't wanna be (that guy)
I don't ever want to see you cry
Dont wanna be alone tonight (I don't want to be alone)
I just gotta tell you that

I just gotta be baby
I wanna be the one you think of everynight
Before you fall asleep girl
And I wanna be the one there by your side
(your side, all by your side)
And I wanna be the one inside of your life
(always and forever)
I don't wanna let this pass me by

[Bridge(x2)]
I'll give you what you want (I'll give you want baby)
Anything you desire (anything your heart desire)
For you I'll do it all
Girl you know that I'll give you all of me (x2)

[Chorus]
I wanna be the one you think of everynight
Before you fall asleep girl
And I wanna be the one there by your side
(your side , all by your side)
And I wanna be the one inside of your life
(always and forever)
I don't wanna let this pass me by

[Ending]
I'll give you what you want
Anything you desire
For you i'll do it all
And just say the words
Oh baby
