Oh, na na na na na  
Oh, na na na na na  
Oh, na na na na na

Wanna tell you I never felt this way before  
Wanna tell you you're everything and so much more  
Always thought it was just in the movie screen  
But girl you showed me that this love is reality  
Something about you, something that you do to me  
Makes me feel like I'm yours and you're the only one  
for me  
You know I gotta have you here  
In my life, by my side, baby

Promise that I'll love you for the rest of my life  
Promise that I'll always be right there by your side  
Promise you forever, yes I mean forever  
Don't you know I love you more and more each time  
Promise that I'll give you everything that I can  
Promise that I'll love you with everything I have  
I was made to love you, yes made to love you baby  
Over and over again

Oh, girl, I remember when we first met  
Something happened to me, feel like it was just a  
dream  
Your eyes, your smile,  
I still remember  
When we first touched  
Can't forget you  
I wanna take you  
Take you all around the world  
See all the things you never seen, girl  
Oh, baby, can't you hear it in the melody  
It's just that I'm yours and you're the one for me

Promise that I'll love you for the rest of my life  
Promise that I'll always be right there by your side  
Promise you forever, yes I mean forever  
Don't you know I love you more and more each time  
Promise that I'll give you everything that I can (I'm

gonna give you)  
Promise that I'll love you with everything I have (all of it  
baby)  
I was made to love you, yes made to love you baby  
Over and over again

I'll be there for you, baby  
Everything you did  
I will love you forever  
For eternity  
I will never stop  
No, no, baby  
I will never stop  
I will love you forever  
I'll give you all my heart  
I'll love you more than another  
I'll give you all my heart  
For the rest of my life baby

Promise that I'll love you for the rest of my life  
Promise that I'll always be right there by your side  
Promise you forever, yes I mean forever  
Don't you know I love you more and more each time  
Promise that I'll give you everything that I can  
Promise that I'll love you with everything I have  
I was made to love you, yes made to love you  
Over and over again
