The Truth—x  
Just wanna be so good to you  
And everything you need  
I only wanna see you smile  
I just wanna make u happy  
And even if you're far away...  
I know that I'll miss you  
I promise that my love won't change  
I will always be in love with you

[Chorus]  
I promise I'll be a good man  
That I'll always listen to every word that you may say  
No I won't neglect you but only respect you  
And give you the love that you need  
Babe please say that you love me  
Please say that I'm everything to you  
Please say that you miss me  
As much as I miss you  
Now baby believe me  
I gotta be everything to you  
And baby just trust me  
I swear this is the truth

And girl you're the one for me  
I swear this is the truth  
See many faces pass me by but there's nobody quite  
like you  
I know so many time and many times before  
Love has only let you down  
But I swear I'll give you so much more...

[Chorus]  
I promise I'll be a good man  
That I'll always listen to every word that you may say  
No I won't neglect you but only respect you  
And give you the love that you need  
Babe please say that you love me  
Please say that I'm everything to you  
Please say that you miss me  
As much as I miss you  
Now baby believe me

I gotta be everything to you  
And baby just trust me  
I swear this is the truth

Laaa la laalaaa laa

If you need a reason  
A justification  
It's simply inside your eyes  
There's no need to question what are your affections  
There's something that I can't hide... [something that I  
can't hide]  
Say gotta believe  
And I don't wanna lose you  
But be so good to you  
I gotta have you in my life  
Oooooo  
You better believe it babyÂ...  
Mmmmm
