"Moving On Up"

I'm moving on up the right side
Where money's no friend of mine
I realise your importance
I'm gonna leave what's left behind

Ooh I'm going uptown downtown roundtown baby
Shaking my head for you
Now I'm understanding

Love is the only way to lead a better lifestyle
Nothing else for free can change your whole way of
living
The only security to lead a better lifestyle
The best things in life are free
Thank you for showing me

You're giving me all new direction
I'm leaving the rat race behind
I'm giving it all up 'cause I've found
A loving state of mind

Ooh I'm going uptown down don't roundtown baby
Shanking my head for you
Now I'm understanding
